

Local Partners

School Sports Partnerships (SSP)

Joining a SSP will give you access to many services and benefits; such as continuous professional development (CPD) opportunities, access to local PE expertise and a range of competitive opportunities, amongst other things.

If your school does not have a SSP, you can still pay to attend courses arranged by a neighbouring SSP. Also contact your School Games Organiser or Active Sussex to find out if there are clusters of schools in your area who you could work in partnership with.
